The whole number of different pupils registered during the year is 118; average attendance is 71.

New reading books have been put in all the schools, also other books have been bought because of an insufficient supply.

J. H. MERRILL,	}	<i>School Board.</i>
C. T. SHUTE,		
LEONA C. FOSTER,		

REMARKS.

The school board consider that the past year has been a period of continued prosperity and progress in the schools. Advancement has been made along every line of study.

Our teachers with a few exceptions have been well qualified for the position given them. We think in nearly every instance that they have used untiring energy to obtain the greatest advancement in every line of study pursued. In obtaining teachers we have tried to get the best, as good schools are of the greatest importance to our community.

The attendance in all of our schools has not been what it should and the discipline with a few teachers has been lacking. Wherever we have found it so, we have changed the teacher the following term.

It is our desire and intention this coming year to see that education becomes the supreme function of the town. To accomplish this end, we need the help and influence of every good citizen.

Respectfully,

J. H. MERRILL,

Chairman of School Board.
